General Comments

No inspection nor desk work today because I was on vacation. ABF requested approve of PS-3 detail for the missing PS-3 clamps along the bike path. 2 each PS-3 clamps for the 6" CCSF Reclaimed water line were delivered to Pier 7.

Material Inspection 121 0-000-000.121

2 each PS-3 clamps for the 6" CCSF Reclaimed water line were delivered to Pier 7. The are replacements for clamps that were found to be missing during the final inspection of the line.

The clamps were fabricated at Hester Fabrication in Oakland, and were delivered with the appropriate COCs and Mill certs. I inspected them, determined that they were free of damage, and was the material described in the packings slips, COCs, and Mill Certs.
